Legend
No Drought Declaration
Advisory
Watch
Warning
Emergency

While rainfall has improved conditions in most of Alabama, Drought Region 8 has continued to experience abnormally dry conditions. OWR is monitoring conditions and will update this Drought Declaration as needed.

Water managers are urged to carefully monitor water sources and continue to encourage the wise and efficient use of our water resources. Public water system customers are encouraged to follow their local water system's recommendations regarding water use. All other water users should make prudent decisions on their water use to protect available water resources.
